Flowers Thimble

UHLHORST PORZELLAN - West Germany

An exquisite flower garland, draped in graceful loops from delicate bows, decorates this lovely porcelain thimble from Uhlenhorst. Derived from the dainty floral motifs which were popular in France in the mid-18th century, the design features small and beautifully colored blossoms arranged in a formal pattern.

Since its founding by a porcelain decorator in 1849, Uhlenhorst Porzellan has placed great importance on decorative design, maintaining a porcelain painting studio of superior quality. A staff of expert artists works under the guidance of Professor Alfred Mahlau, the firm's artistic director since 1958. The Hamburg-based porcelain house specializes in hand-colored motifs, including highly detailed city scenes and renderings of famous buildings.

The meticulously painted and brilliantly colored flowers of this French-inspired design exemplify the superb skills of Uhlenhorst's decorative artists. This finely crafted porcelain thimble is available exclusively from The Thimble Collectors Club.
